Eden Prairie, MN (October 30, 2009) - VendorClear, the company who pioneered Web-based vendor access services for healthcare facilities and their vendors, today announces the launch of new automated training courses that will be FREE for all registered vendors. VendorClear has partnered with Pfiedler Enterprises to offer the new training courses which include:

- ✔ HIPAA Training
- ✔ Bloodborne Pathogen Training
- ✔ OR Protocol Training
- ✔ Fire Safety Training
- ✔ Electrical Safety Training
- ✔ National Patient Safety Goals Training

“We are very excited about the new training courses that will be offered free of charge to all of our registered vendors,” stated Mike Schreiber, VendorClear Founder & Managing Principal. Schreiber continued, “We are committed to continually offering value added features and programs that make the compliance process easier, more efficient and more effective. The new free training courses are an example of our commitment to both our vendor and hospital customers.”

With close to 1000 healthcare facilities under contract, VendorClear believes the new training courses will make it easier and more cost effective for their registered vendors to complete the compliance process for any participating healthcare facility. The automated training program will enable registered vendors to satisfy any of these training requirements from within their VendorClear account and never have to submit or upload additional documents. All of the training curriculum, quizzes and updates are provided by Pfiedler Enterprises ([www.pfiedlerenterprises.com](http://www.pfiedlerenterprises.com)).

VendorClear.com provides web-based vendor access services focused on managing and tracking vendor credentials, vendor activity and providing communication links for healthcare facilities and their vendor representatives.
